## *Note from the Director* Heather MacFavish

"Steel Magnolias" is a play about six women, and is a warm and witty tribute to the power of friendship. The bond of friendship these six women share, bridges all boundaries of age and social status. You will fall in love with each of their unique endearing characters.

It has been a pleasure directing the cast of six women in "Steel magnolias", watching their characters emerge, and the rapport shared between the cast has grown with each rehearsal. "Steel Magnolias delivers a good laugh and a good cry. As Truvy says during the play "Laughter through tears is my favourite emotion"

We invite you to sit back and join us in Truvy's Beauty Parlour, and meet her clients, and more to the point, her friends.

*If you have enjoyed tonight's performance and would like to become involved in any aspect of our theatre life, feel free to speak to any of our cast or crew for details.*
