Heather MacTavish

Director

Director's Notes -

Being involved in "A Different Way Home" by Jimmie Chinn, has been a journey of three people – the two actors featured - Jim Kelly, Maureen Coleman and myself. It has been interesting to see the two characters come alive, grow and become real. This play is set in the North of England. Maureen Coleman has acted as Dialogue Coach as well as playing the role of Maureen.

We invite you to come and join Leslie and Maureen as they tell you about their life, good and bad and in telling, make you laugh as well.

This play is set in the living room of a North England house.

Act 1: Leslie

Interval

Act 2: Maureen

Coming to Kucom Theatre in 2005

Kucom Theatre is gearing up for an interesting year of good theatre.

Following "A Different Way Home", the Youth production "Skate" by Debra Oswald, directed by Di O'Connell, can be seen at the Mackay High School Assembly Hall in Milton Street.

Performance dates are: April 8th & 9th 2005.

Matinee Saturday 9th

"Skate" focuses on life for teenagers in a country town..

This year, hopefully our audiences will welcome back those ladies from the Farndale Housing Estate Guild's Dramatic Society, as they feature Gilberts & Sullivan's "The Mikado". We wait success in our application for funding as this production is large. If successful, this production will feature as the September production.

Kucom has acquired the services of Geoff Stewart McLean, wearing his director's hat this year for the play "A Memory of Water". A humourous and thought provoking play. This will be featured in the December season.

Our happiest news is of course that air-conditioning has been installed in our auditorium by the grant generously given to Kucom Theatre by the Gaming Commission.

ENJOY!!!

By Debra
Oswald

SKATE

A PLAY THAT WILL *MOVE* YOU IN MORE
WAYS THAN ONE!
3 SHOWS ONLY

April 8th, & 9th (Matinee & Evening)
Mackay State High School Hall

*Come along & support the extraordinarily
talented youth of Mackay & District.
They're our future stars...*
