NUPLASTIK LATEX, PAINT

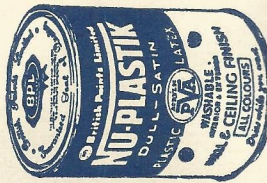

Was used by stage decorators in this theatre's production ... They chose this excellent paint above all other because:

- It covers better one coat and has a better mileage
- It does not rub off yet brushes and rollers can be washed out under the tap
- Colours are modern and available in almost every shade or tint

NUPLASTIK, made by British Paints, is made especially for walls and ceilings and exterior as well as interior ... buy it at
